Angie welcomed us all and gave apologies from Maggie Cornall (BCH), Leon Davy, Zaida Ali, Annie Johnson and Linda MacKenzie. Adrian Wolton is taking a break from the Partnership due to his many other commitments.

The previous minutes were accepted as a true record.

Update

The NHS survey re visits to A&E have started meaning plenty of work for our two new potential engagement workers, Annette Flood and Emma Kelton.

Noone from the council has contacted us re a building although Denise assured us that Revoelution is still part of the council's discussions. They have suggested that Spiceland may be a suitable space but we have yet to gain access to it.

Plan Progress

Our upcoming round of door knocking will include question about the Plan and a survey of how Revoelution have helped local people in the past.

We have the latest financial statement from Sarah, and we now need to set a deadline for writing the Plan. We also have to decide who is responsible for what.

Funding Request

Postponed till next month when more Partnership members will be present.
